## Transnational American Jewish Studies A Select Bibliography

*The impulse driving this issue of PaRDeS is the recognition that transnational approaches to the American Jewish experience hold an enormous heuristic potential. It has not been tapped to anywhere close to its extent. This is not to deny or minimize the existence and importance of scholarship based on transnational perspectives. The editors and contributors to this issue have compiled a list of such publications (with no claim whatsoever to comprehensiveness) as a resource for colleagues wishing to explore ways to look at American Jewish history from transnational perspectives. The works listed here reflect the elasticity of transnationalism seen as an approach rather than a narrowly defined concept. (The contributors' focus on German-American-Jewish transnational entanglements is reflected in the choice of entries and their language.)*

Bauer, Yehuda. *Out of the Ashes: The Impact of American Jews on Post-Holocaust European Jewry* (Oxford: Pergamon Press, 1989).

Best, Gary Dean. *To Free a People: American Jewish Leaders and the Jewish Problem in Eastern Europe, 1890–1914* (Westport, Conn.: Greenwood Pr., 1982).
